MASSACHUSETTS.

Boston, November 5th .- The election was for Governor and other State officials and the Legislature. To-day's experience seemed to prove beyond a doubt the suc ess of the Australian system of voting. Testimony from all sections of the State is almost unanimous in its praise. In this city the voting places presented a remarkably quiet appearance, in marked contrast with those usually witnessed, while voters expressed pleasure at being able to vote without the usual solicitation in the interest of one candidate, or of any ward officers. They were also delighted at being able to attend to their duties without being disturbed with the customary turmoil and disturbance outside the rail.

Returns from all over the State indicate a quiet election and a light vote. Brackett, the Republican candidate for Governor, is elected by probably 15,000 majority over Russell, the Democratic candidate. The Legislature is Republican as well.

Boston, November 5th .- Two hundred and eighty-five precincts in Boston give 1887 of about 200 and a decrease in Russell's plurality over last year of about 3,800. Boston, November 5th .- One hundred towns outside of Boston give Brackett 16,-558, Russell 10,912, Blackmer 2,191. In 1887 the same towns gave Ames 18,824,

Lovering 11,062. One hundred and ninety-seven towns and cities give Brackett 34,076, Russell 27,-209. The same towns in 1887 gave Ames 23,215 and Lovering 17,431.

NEW YORK, November 5th .- The Press says the Democrats concede Massachusetts to the Republicans by 20,000 majority. Boston, November 6th .- 1 A. M .- Re-STRAYED AWAY—A GRAY MARE BRANDED W.; bar shoes on front feet. Will pay a liberal reward for the return at 1219 J street. A. ACKERMAN.

ALBANY, November 5th .- The Republicans claim the State by 5,000 majority. BROOKLYN, November 5th .- The election

in Brooklyn passed off quietly. The Democrats carried two out of three Senatorial districts and ten out of twelve of the Assembly districts, and elected the Mayor and city and county ticket and fifteen Alder-NEW YORK, November 5th.—New York city gives Rice 129,091, Gilbert 66,722,

New York, November 6th.—2:15 A. M — Returns received up to this hour indicate that the Democratic State ticket is elected by 10,000 majority.

This is a Democratic victory in a hitherto Republican stronghold.

New York, November 6th.—One thousand three hundred and forty-two election districts outside of New York city and Brooklyn give Rice 196,150, Gilbert 230,-103. The same districts in 1887 gave Cook 194,069, Grant 219,218.

NEW JERSEY.

JERSEY CITY, November 5th.-The returns are coming in slowly and figures in most cases are not to be obtained to-night. There is every indication of a sweeping Democratic victory.

TRENTON (N. J.). November 5th.—Abbett

(Democrat) is elected Governor, probably, by 5,000 majority. Grubb, the Republican ran behind his ticket, owing to the opposi-Assembly.

PENNSYLVANIA.

PHILADELPHIA, November 5th.—The only State officer voted for in Pennsylvania to-day was State Treasurer. The candidates were Henry K. Boyer (Republican), Edward A. Bigler (Democrat), and James R. Johnson (Prohibitionist). A light vote was cast, very little interest being manifested, the election of Boyer by a decided majority being a foregone conclusion.

returns from 27 counties, including Philadelphia, received up to 11 P. M., show a net Republican gain over 1887 of about 25,000. Boier's plurality will surely exceed 60,000. HARRISBURG, November 5th .- There is Barjo and Guitar Lessens.—Professor the only officer voted for was State Treasurer. Boyer, the Republican candidate, has a majority of 60,000. The vote was very light, compared to previous years. The Republicans made a gain of nearly 25,000 over the vote of two years ago. PHILADELPHIA, November 6th-12:30 A. M. Returns from 57 of the 67 counties in the State, and including Philadelphia and Alleghany counties, show a plurality for Boyer, the Republican for State Treasurer,

The losses in single precincts in some of these wards amounts to more than 200 (Republican) for Recorder 31,883, Crawford votes. This result was not anticipated by the Republicans. While the losses of Foraker were not confined to these wards they are much more marked than in other portions of the city.

Returns also show that especially in the German wards the head of the ticket was a thing most severely hit by the Republican scratchers. The estimate at midnight is that Camp-

bell will carry Hamilton county by over 6,000. Four hundred and sixty-three precincts in Ohio outside of Hamilton county give Foraker 66,976, Campbell 63,181, Helwig 3,534.

The same in 1887—Foraker 65,788,

Powell 58,365, Sharp 3,332. CINCINNATI, November 5th .- The Enquirer claims the election of Campbell by a small majority, but concedes the election of the rest of the Republican State ticket. As to the Legislature, it is in doubt. COLUMBUS, November 6th. - Chairman Neal of the Democratic State Executive Committee claims Campbell's election by

from 5,000 to 15,000 plurality. As to the Legislature he is in doubt. He thinks, however, it may be Democratic on joint ballot. The entire Legislative ticket of Hamilton county is claimed by the Demo-crats, and gains are claimed elsewhere. Ex-Chairman Cappellor of the Republican Committee feels confident that Foraker is elected. He does not concede Hamilton county to the Democrats by more than 4 000 votes, and says that the Democratic gains elsewhere in the State must average ive and a half votes to the precinct to elect Campbell. He is sure the Republicans publicans claim they have the Legislature

BALTIMORE, November 5th .- Shortly be fore the polls closed in the first precinct of the Fifteenth Ward a fight took place between John Apple, a Fusionist ticket-holder, and William Driscoll, the latter a Democrat. Apple was knocked down and kicked in the head and was dead when picked up.

The Republicans gair half a dozen Legislators, but the Democrats still have a majority in both Houses. FREDERICK (Md), November 5th.—An election riot occurred at Woodsboro District in this county this afternoon. A county constable was shot, the judges driven from the room and the ballot-box was taken. ALEXANDRIA (Va.), November 5th .- Re turns to the State Central Committee indi-cate an overwhelming Democratic victory. Senator Barbour claims McKinney's elec-tion by 25,000 majority. The returns show Mahone was ecratched to a great extent by the colored voters.

Peterseurg (Va.), November 5th.—Dur-ing the celebration of the Democratic victory in this city one of a party of young men who were firing off rockets in front of General Mahone's residence was struck in the breast by a bullet fired from the General's yard. THE STONECUTTERS.

Commissioner Tobin's Inquiry Into the On Monday last the Governor requested to this city, and proceeded with the in- | landmark shall be removed to admit of the lowing report as the result thereof:

lowing report as the result thereof:

SACEAMENTO, November 5th.

Hon. R. W. Waterman, Governor of California—Sie: In accordance with your instructions of the 4th inst., I proceeded to investigate the causes which led to the suspension of work by the stonecuters employed on the Capitol grounds, and found them to be as follows:

It appears that the Corresponding Secretary of the Stonecuters' Union of San Francisco lodged a complaint at the headquarters of the stonecuters' National Union at Barre, Vt., stating that the stonecuters in Sacramento were cutting convict labor quarried stone.

In making such a complaint the Secretary acted entirely on his own responsibility, as he was not instructed so to do by his Union.

The Sacramento Union thereupon received instructions from headquarters that it was in violation of the laws of the National Union to cut such stone, and in obedience to said laws, which they had pledged themselves to obey, the stonecuters employed on the Capitol grounds suspended work. Immediately afterwards they forwarded a remonstrance to headquarters, the effect that they did not consider that they were violating the laws of the Union, because the stone furnished by the State Prison at Folsom was not quarried under the contract system.

The State itself furnished the rough material, the state itself furnished the rough material, and the purchase of these historical grounds, I hope my fellow-pioneers throughout the State will not forget to do likewise, as many of them owe a debt of gratitude to the old fort that should gladly be repealed now that the opportunity has property, has come to the front with a contribution of \$50 to start a fund for the purchase money, as will be seen by the following letter. It now remains for other prichase money, as will be seen by the following letter. It now remains for other purchase money as will be seen by the following letter. It now remains for other purchase money as will be seen by the following letter. It now remains for other purchase money as will be seen b

som was not quarried under the contract system.

The State itself furnished the rough material, and under the law by which the improvements on the Capitol grounds were authorized, it was expressly provided that the material to be used was that quarried at the Folsom prison. The men who had suspended work appointed a committee to go to San Francisco and confer with the branch in that city, in order that objections to their resuming work might be withdrawn. The Superintendent of the work, J. Carroll, accompanied the committee, who were successful in their mission.

The Unions at San Francisco and Pocklings.

The Unions at San Francisco and Rocklin sus-tained the Sacramento Union in the position it had taken, of its right to resume work consist-ently with the laws of the National Union, and the result was that a telegram was received from the officers of said Union, authorizing the men who had suspended to resure work. Accordingly, the stonecutters resumed work at the usual hour this morning, Tuesday. November 5th.

ber 5th.

From a report of the facts submitted to me on the part of the Sacramento Ution, duly signed by its President and Secretary, and from careful inquiry among those cognizant of all the facts in the premises, I feel convinced that the men who suspended work did so reluctantly and from a high sense of duty to the officers and obligation to the laws of their National Union. They lost no time in placing the exact condition They lost no time in placing the exact condition of affairs in a proper light before the higher authorities in the Union, and when they gained their point of contention resumed work promptly. In my intercourse with the men I was treated with due courtesy and consideration. Respectfully submitted, J. J. Tobin, Commissioner of Labor.

BOARD OF SUPERVISORS. Lengthy Discussion Over the Proposed

New Road at Live Oak. At the meeting of the Board of Supervisors yesterday, Chairman Tebbets reminded the Board that the county license

rate had not yet been fixed and suggested that something should be done in that direction as soon as possible. Some discus sion was had on the subject and it was finally postponed until some future meet-It was decided to request Contractor Croley and Engineer Stoddard to accompany the expedition to the Cosumnes bridge to-

day with the Board to give what assistance District Attorney Bruner appeared before the Board, and, in answer to inquiries from the members, gave it as his opinion that the demand of the Road Overseers for \$3

per diem was legal and proper.

At the afternoon session the matter of the petition of McMillan brothers and others for a new road in Road District No. 3, was considered at length. Several farmers who own land through which the pro-posed road passes appeared before the Board and opposed the proposition. They claimed that although the new road would be a great convenience it would so cut up their farms that it would do more harm than good. They said they would demand heavy damages in case it were decided to open the road. The matter was discussed the entire afternoon and no conclusion was

POLICE COURT.

Cora Mains to be Cared for-Recruits for the Chain-Gang. The further examination of Ah Coy, the Chinese burglar, set for yesterday in the Police Court, was continued until to-day on account of the absence of witnesses for the prosecution. In order that Cora Mains, the fifteen

year-old girl who has become so trouble some, might be legally committed to the care of the Boys' and Girls' Aid Society of San Francisco, it was found necessary to place a charge of vagrancy against her. To the charge she pleaded guilty, and Judge Buckley thereupon indefinitely continued sentence. The girl will be taken to San Francisco to day.
At his request, Charles Rodda had his

case of vagrancy continued until to-day, when he will be tried. Thomas Elwood, who was caught in the act of stealing an overcoat from the office of Clinton L. White, was charged with an attempt to commit petit larceny. He pleaded guilty, and was sentenced to forty days in the County Jail.

Jack Courtney forfeited a \$5 deposit for John McCarthy and John McGinnis, similarly charged, were given five days each in

GRASS WIDOWS ALL. More Female Coolies Who Say Their

Husbands Are Here. United States Chinese Interpreter Rick ard was here again yesterday for the pur pose of investigating the truthfulness of the statements made by eight Chinese women recently arrived, that they each have a husband in this city engaged in ess. One of these women arrived in San Francisco on the steamer Gaelic, another on the Belgic, and the remaining six on the steamer Arabic, which reached por a few days ago. Mr. Rickard found-with the exception of one case, where a hus band was really interviewed—that the other seven cases were fraudulent. He will report the result of his investigation to the United States Court. Nearly all these Chinese women lately

arriving are slaves, and imported for im-moral purposes. Mr. Rickard left yesterday afternoon for Marysville and Chico to investigate like cases there.

An Unsatisfactory Situation. In Judge Armstrong's Court yesterday the trial of Ah Keong, charged with the murder of Ah Bang some months ago at Florin, was continued for one week on motion of defendant's attorney, C. N. Post. The latter presented an affidavit alleging that Ah Keong cannot understand or con verse in the English language, and that his countrymen refuse to aid him in any way -even to converse with him-and that in consequence he (the attorney) has been unconverse fully and satisfactorily

with his client. Pending the date of continuance an effort will be made to secure the services of a white interpreter. The only other alternative is for the counsel to "brush up"

WEST OARLAND, NOVEMBER 4, 1889.

General J. G. Martine—Sir: I herewith inclose \$50 toward the purchase of dear old Sutter's Fort, and I can assure you that in all my long residence on the Pacific coast of over forty years, I have never given a dollar so freely as this last contribution, toward keeping green the memory of Captain John A. Sutter, or at least what is left of him in California. And, now that this is the first actual gun fired toward the purchase of these historical grounds, I hope my fellow-pioneers throughout the State will not forget to do likewise, as many of them owe a debt of gratitude to the old fort that should gladly be repaid now that the opportunity has debt of gratitude to the old fort that should gladly be repaid now that the opportunity has come. I trust that the owner or his agent in Sacramento will see it to their best interest to fix a price on the property at once, so that invitations may be extended to everybody in the State to join in the dance, and let us make it the grandest ball of the season.

ANOTHER IDEA. Mr. John Eitel makes a new suggestion

in regard to the matter, as explained in the following communication: the following communication:

SACRAMENTO, November 5th.

EDS. RECORD-UNION: As the City Fathers appear to have doomed Sutter's Fort in order to open the streets, I would suggest that the ensemble of the old building still be preserved. If it is possible to box up gigantic monoliths and drag them over the Atlantic Ocean to be set up in New York City, or if it is thought to be a financial advantage to "transport" a very unpleasant national sore of the past to Chicago to be set up again as Libby Prison, why should not the old land mark known as Sutter's Fort put money into the purse of those who will carry out the enterprise, by removing the same to some other locality in or near the city? the enterprise, by removing the same to some other locality in or near the city?

It might not be such a bad idea if the Central Street Railroad Company would acquire the property and set it up as it originally stood.

If placed at the end of the road, or South Sacramento, it would eventually form the nucleus for some sort of a California museum specially devoted to the days of the pioneers and all that gathered preceding them.

Unlike Libby Prison, mankind would look upon it with more kindly feelings, be they from any corner of the Republic. Other suggestions could be made with other localities in which the city itself may become interested.

It ought to be renovated where it stands, but if it has to go, it ought to be set up within the city limits, or in close proximity, and such an undertaking is not an impossibility.

Ugly, painful, blotched, mailcious. No rest by day, no peace by night. Doctors and all remedies failed. Tried Cuti-cura. Effects marvelous. Saved his life. Cured by Cuticura. Our oldest child, now 6 years of age, when an infant 6 months old was attacked with a virulent, malignant skin disease. All ordinary remedies failing, we called our family physician, who attempted to cure, but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle ot his back down to his knees, was one solid rash, ugly, painful, blotched and malicious. We had no rest at night, no peace by day. Finally we were advised to try the CUTICURA REMEDIES. The effect was simply marvelous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion your valuable remedies saved his life, and to-day he is a strong, healthy child, perfectiv well, no repetition of the disease having ever occurred. GEO. B. THE consciousness of having a remedy at The Teemer-Gaudaur Rowing Match Was He Reports a Mahdist Victory Over Put Up for Gaudaur to Win. Sr. Louis, November 5th.-Hamm, the oarsman, has told a Call correspondent how the recent Teemer-Gaudaur race was managed. He said:

"On February 26th, while at Oakland, Cal., with Gaudaur, I received a letter from Teemer, in which he proposed that I should arrange a race with Gaudaur. He owed me \$269, and promised it to me if the race was a success. 'I want Gaudaur to win,' he wrote, and I have the letter now. His reason for wanting Gaudaur to win was that his friends in Pittsburg would back him for about \$3,000, and he asked me to raise the same amount, take the bets, and he would then pay me what he owed. His words were: 'If you get the race on and get it going, I will be able to square up.'
Hamm goes on say that the propositio was to let Gaudaur win, and Hamm does not deny that he was "in." He claims, however, that Teemer gave Gaudaur and himself some alleged blackberry brandy to drink, which was really lobelia. Gaudaur was in no condition to row. Teemer had
